**Re: Chong Lek Engineering Works**

From 2<sup>nd</sup> of July 2012 to 16<sup>th</sup> September 2012, Amsteel Mills Sdn Bhd (Banting Operation) has performed Upgrading Project for the High Speed Wire Rod Block.

The original piping were removed and replaced with new piping inclusive of piping for cooling water, lubrication and hydraulic oil, and compressed air.

Throughout the project, they have shown great professionalism and performing the job without any flaw. I would emphasize on the quality, tidiness, accuracy and enthusiasms of their team.

In addition, they performed their work ahead of schedule which leads to other contractor to complete their work faster as well.

I would recommend this company to other should there any demand for their service.
