Dear Sir,

RE: CHONG LEK ENGINEERING WORKS SDN BHD

Above captioned subject referred, we would like to take this opportunity to write this letter of recommendation for Chong Lek Engineering Works Sdn Bhd and their working relationship with us through a variety of projects.

Chong Lek Engineering Works Sdn Bhd has demonstrated a great professionalism and performing the job with no flaw. I would emphasize on the quality, tidiness, accuracy and enthusiasms of the team.

In addition, they performed the work ahead of the schedule which leads to other contractor to complete their work faster as well.

I would recommend this company to others should there be any demand of their service.

Thank you.

Yours faithfully,

UEM CONSTRUCTION SDN. BHD.

LEE ENG HOE

Project Director
